fore boarding a bus.

Everybody boards quickly and moves at once to the rear of the bus.

Passengers treat buses as they would their homes, keeping them clean and free from avoidable damage.

All students show their school certificates as they pay their fares. (And we'd like to remind them that the fare is 15¢ if they don't show their certificate.)

Passengers will signal early when they wish to alight, and will leave by the rear doors (except when otherwise directed).

Other traffic will display reasonable courtesy towards buses on the road.

If all these hopes come true, we can promise you a faster and more comfortable service in 1964.

## OUR HOPES FOR '64

Away back, about the time when we decided to use electric power instead of horses to move street cars, we made some New Year's resolutions. We resolved to be a good transportation service; to keep our vehicles clean and neat; to operate on schedule; to have a good safety record; to be courteous to everyone, and to give the very best service we can.

We try faithfully each year to live up to these resolutions. However we know that there always is room for improvement and that we can do better if we have your co-operation. So, with improvement in mind, we hope for 1964 that:

Everyone has the exact change for their fare be-
