permanent closure of sections of East Mall and University Boulevard.

The changes in service will chiefly benefit university students, staff and visitors, but will not affect passengers on the regular 10th-Hastings section of the route. West-bound buses will continue to stop at Blanca Loop but east-bound buses will stop at a new eastbound stop on 10th at Blanca instead of using Blanca Loop.

Buses from Kootenay Loop will carry the sign "10 Tenth-UBC via Blvd.". Some buses will be routed via Chancellor Blvd. and will show "10 Tenth-UBC via Chanc.". Trolley coaches terminating at Blanca Loop will show "10 Tenth".

Buses leaving the University terminal will show "14 Hastings" or "45 UBC Express" in the case of express buses.

New timetables are being printed.

**RICHMOND and NEW AIRPORT**

Routes on Sea Island will be changed on August 2 in preparation for introduction of a new route to serve the new airport terminal when it opens in September. The existing Airport service will be called "70 Sea Island". The present Miller Road service will be called "72 Grauer" and will no longer operate to Aylmer and Miller. The service to the new terminal will be called "71 Airport" when it commences operation in September.

There will be timetable changes on the routes on Sea Island plus timetable changes on the No. 5 Road and No. 5-

This plan shows the routing the buses will follow around UBC when Wesbrook Crescent has been reconstructed. Temporarily buses will operate on East Mall between University Blvd. and the Crescent.

**Route changes for 10 Tenth - UBC and Richmond**

Starting Friday, August 2, all buses operating on 10th Avenue will continue through to the University of British Columbia. The 10th-UBC service will be joined with the Hastings service and will be operated with buses because there are no trolley wires in the University District. However, trolley buses will be used in the morning rush-hour period between Blanca and Kootenay Loop to supplement the service.

For the benefit of students, the University is building a new transit terminus on University Boulevard immediately west of the East Mall. Buses will proceed from 10th Avenue to this terminus and will then operate on a revised routing around the University because of the
