Transport 2050: 10-Year Priorities
Through May 4, we’re asking for feedback on the **2022 Investment Plan** and **Transport 2050: 10-Year Priorities**.
Up to nine Bus Rapid Transit corridors across Metro Vancouver
Why BRT?
Cost-Effectiveness + Deployment Speed

Cost per kilometre (million)

SkyTrain: ~$400
BRT: ~$15

Kilometres built over time period

SkyTrain (1985 – 2028): 100 kms
BRT (Next 10 years): 130 kms

Why BRT?

Cost-Effectiveness + Deployment Speed
This is an opportunity to find new revenue sources to fund transit initiatives in the future.
Let’s work together.
Thank you
