

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
Anmore	Sunnyside Road MUP (East Rd to Summerwood Lane)	\$233,000
Construction of a multi-use pathway.		
Belcarra	Bedwell Bay Road Upgrade Project (BUPP)	\$1,070,518
Design for pedestrian pathway and gabion wall construction.		
Belcarra	Bedwell Bay Upgrade Project	\$157,000
Gabion wall rebuild and road realignment.		
Bowen Island	Cross-Island Multi-Use Path: Charlies Lane to Foster Lane	\$233,000
Construction of a multi-use trail across the island.		
Burnaby	Alpha Secondary School Sidewalks	\$856,000
Brentwood area sidewalk construction and improvements.		
Burnaby	Burnaby Lake Overpass	\$3,613,000
Pedestrian-cyclist overpass construction.		
Burnaby	Detailed Inspections 4 Bridge (North Rd & Gaglardi Way)	\$35,129
Detailed structural bridge inspections.		
Burnaby	Vancouver to SFU Cycling Connection	\$1,962,000
Bike route improvements.		
Coquitlam	2025 Sidewalk Program - Draycott, Haversley	\$172,000
Installation of sidewalks to improve pedestrian safety.		
Coquitlam	4 MRN Intersection Improvements	\$509,000
Intersection upgrades at four locations.		
Coquitlam	Bridge Erosion Assessments	\$30,000
Assessment of bridges for erosion and structural safety.		
Coquitlam	Dewdney Trunk Rd Micromobility - Port Moody Border to Lougheed Hwy	\$700,000
Construction of micromobility lanes to improve active transportation safety.		
Coquitlam	Nelson St Greenway - Austin to Brunette - 2025: King Albert to Brunette	\$1,930,000
New cycling (MUP or Bike Lane with Sidewalk) pathway.		
Coquitlam	Prelim Design - Seismic Bridge Replacement Concepts	\$28,395
Preliminary designs for replacing bridges to withstand earthquakes.		
Coquitlam	United Boulevard Multi-Use Pathway - King Edward to Fawcett	\$906,000
Construction of a multi-use pathway.		
Delta	56 Street and 19 Avenue BSR Improvements	\$50,000
Intersection improvements to improve transit efficiency.		
Delta	56 Street Multi-Use Pathway (6 Avenue to Winskill Park)	\$903,000
Construction of a wide multi-use pathway.		
Delta	72 Ave BNR Overpass Seismic Retrofit Design	\$50,000
Design for seismic upgrades of an overpass.		

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
Delta	80 Street BCR Overpass Settlement Review	\$50,000
Review of overpass conditions to ensure long-term safety.		
Delta	88 Avenue and 117A Street Crosswalk Upgrades	\$125,000
Upgrades to pedestrian crosswalks for improved safety.		
Delta	Gilmour Crescent Sidewalk	\$205,000
Construction of a new sidewalk and installation of streetlighting.		
Delta	River Road Protected Cycle Lanes (68 Street to Deas Island Road)	\$1,254,000
Installation of protected cycle lanes along River Road.		
UBC	Improving Bike Security on Campus	\$94,606
Construction of secure bike parking stations.		
UBC	Pedestrian Crossing Safety Improvements	\$56,000
Pedestrian crossing safety improvements across East Mall at Stadium Road.		
Langley City	Langley Bypass Roadway and Cycling Improvements	\$658,423
Intersection safety and capacity improvements and protected cycling infrastructure.		
Langley Township	16 Ave and 21700 Block - Culvert Replacement	\$335,807
Replacement of an existing deteriorating concrete culvert.		
Langley Township	200 Street - Matheson Creek Tributary Culvert Replacement	\$967,024
Replacement of an undersized culvert section.		
Langley Township	24800 Blk 16 Ave Bridge Abutment and Guardrail Repair	\$50,000
Bridge deck repair and resurfacing.		
Langley Township	72 Avenue and 198A Street Road Widening	\$400,000
Road upgrades improving cyclist and pedestrian safety.		
Langley Township	88 Ave at 20800 Blk Retaining Wall	\$42,750
Repair of retaining wall.		
Langley Township	Fraser Hwy Widening and Intersection Improvements (24300-24600 Blk)	\$3,535,000
Widen to four-lane road with 3-metre-wide multi-use path on both sides.		
Langley Township	Road Improvements: 80 Avenue from 204 Street to 212 Street	\$1,000,000
Installation of sidewalks and pedestrian crossings.		
Langley Township	Road Widening: 86 Avenue 200 Street to 202 Street	\$609,000
Intersection improvements to enhance traffic safety.		
Lions Bay	Lions Bay Avenue Connector (Phase 2)	\$56,000
Installation of sidewalk to provide a continuous and safe facility for pedestrians.		
Maple Ridge	Abernethy Way Widening Phase 2: 224 St to 230 St	\$1,680,000
Road widening to 4 lane roadway including construction of multi-use pathway and road facility improvements.		
Maple Ridge	Thorne Avenue Multi-Use Path (Hammond Road to 117 Avenue)	\$127,000
New 3-metre-wide multi-use pathway on the North side of Thorne Ave.		

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
New Westminster	Active Transportation Network Plan Year 2 - 4th, Elliot, Merivale St	\$960,000
Improvement of cycling and walking facilities along the route.		
New Westminster	Active Transportation Network Plan Year 2: 8, 9, 10th St.	\$1,000,000
Improvements to make cycling and walking safer on major pathways.		
New Westminster	Active Transportation Network Plan Year 2: London St	\$699,500
Improvements to London Street for safer walking and cycling.		
New Westminster	Carnarvon Street at 6th and 8th Street Signal Upgrade - Capital	\$225,000
Traffic signal upgrade to improve transit movements.		
New Westminster	Pedestrian Crossing Improvements- Ewen Ave at Carter St	\$38,870
Pedestrian crossing upgrades to enhance safety.		
New Westminster	Pedestrian Crossing Improvements- Sixth St at Blackford St	\$62,210
Improving safety at various pedestrian crosswalks.		
New Westminster	Queensborough Bridge - Studies	\$135,300
Analysis and conceptual design of the intersections at each end of Queensborough Bridge to improve transit movements.		
New Westminster	Royal Ave and 6th St - Study	\$76,500
Analysis and conceptual design of intersection to improve transit movements.		
New Westminster	RW 24 - Spruce Street On-ramp Railway Side Retaining Wall Repair	\$155,715
Retaining wall rehabilitation.		
New Westminster	Sidewalk Improvements - 8th Street: 7th Ave to 6th Ave	\$96,000
Permanent sidewalk and bus bulge construction.		
New Westminster	Stewardson Way and Third Avenue Intersection Improvement	\$508,500
Intersection upgrades to improve safety for all road users.		
North Vancouver City	East 19th Street Multi-Use Path	\$190,000
Construction of new multi-use pathway.		
North Vancouver City	Midtown Connector Phase 1	\$822,000
Construction of walking and cycling infrastructure.		
North Vancouver District	Berkley to Tollcross (including McCartney Creek)	\$1,239,000
Spirit Trail Extension and alignment of existing trails into the multi-use pathways.		
North Vancouver District	Dollarton Highway Sidewalk	\$380,000
Construction of new sidewalks for pedestrian safety.		
North Vancouver District	Mtn Hwy Cycling Link: Arborlynn Dr to Hwy 1 WB Ramps	\$600,000
Construction of multi-use pathways to improve accessibility, safety and connectivity for cyclists.		
Pitt Meadows	Ford Rd and 190A Crossings Upgrade	\$22,608
Pedestrian crossings upgrade to enhance safety.		
Pitt Meadows	Ford Rd and 191B Crossings Upgrade - 2025	\$33,392
Pedestrian crossings upgrade to enhance safety.		

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
Port Coquitlam	Prairie Ave MUP- Shaughnessy St to Coast Meridian Rd	\$1,222,000
Construction of a new multi-use pathway.		
Port Moody	loco Rd Active Transportation Improvements	\$360,000
Active transportation improvements along the corridor.		
Port Moody	Moray Street Traffic Calming	\$155,000
Traffic calming permanent changes, with the inclusion of cycling facilities.		
Port Moody	Panorama Drive Safety Improvements	\$56,000
School crosswalk and sidewalk safety improvements.		
Richmond	Bus Only Left Turn Lane - Bridgeport Rd and Great Canadian Way	\$996,800
New dedicated left-turn lane for buses.		
Richmond	Bus Priority Measures Alderbridge Way and Garden City Rd	\$810,462
Bus-priority improvements to enhance transit reliability.		
Richmond	Cambie Rd and Brown Rd Intersection Improvements	\$600,000
Intersection upgrade to improve cyclist and pedestrian safety.		
Richmond	Cambie Rd and No 4 Rd Intersection Improvements	\$1,200,000
Road safety improvements along Cambie Road.		
Richmond	Cooney Rd and Granville Ave Safety Improvements	\$462,000
Intersection upgrade to improve cyclist and pedestrian safety.		
Richmond	Gilbert Road Cycling Improvements - Granville Ave to Elmbridge Way	\$210,500
Construction of new cycling infrastructure.		
Richmond	Granville Ave and Railway Ave Safety Improvements	\$530,765
Intersection upgrade to improve cyclist and pedestrian safety.		
Richmond	Great Canadian Way Cycling Protection	\$175,000
Cycling infrastructure safety enhancements.		
Richmond	Safety Improvements - Alderbridge Way and Garden City Road	\$706,962
Intersection safety improvements.		
Richmond	Westminster Hwy and Hwy 91 Bus Stop Access Pathway	\$100,000
Construction of pedestrian pathway to improve bus stop access.		
Surrey	124 St MUP	\$338,000
Construction of a multi-use pathway to complete the cycling network.		
Surrey	152 St and Nicomekl River and Serpentine River Existing Bridge Improvements	\$250,000
Bridge inspections and repairs for safety.		
Surrey	16 Ave 18600 Blk Culvert Replacement	\$230,000
Culverts replacement to improve drainage and road safety.		
Surrey	16 Avenue and Little Campbell Bridge Replacement Project	\$2,000,000
Full replacement of the existing bridge structure.		

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
Surrey	184 St Sidewalk (56 Ave to 58 Ave)	\$632,000
Construction of sidewalks to enhance pedestrian safety.		
Surrey	32 Ave Widening Project (176 Street - 184 Street)	\$2,225,000
Road widening, multi-use pathway and new streetlights to provide safe multi-modal connections.		
Surrey	64 Ave Widening (152 St- 164 St)	\$2,000,000
Roadway widening to accommodate increased traffic.		
Surrey	64 Avenue at Serpentine River (158 St)	\$150,000
Bridge safety inspections and repairs.		
Surrey	72 Ave Widening (144 St to 152 St)	\$4,800,000
Road widening for improved safety and traffic flow.		
Surrey	Culvert Replacement at 88 Avenue and Lakiotis Creek (178 Street)	\$484,000
Replacement of culverts to improve drainage and road safety.		
Surrey	New Bridge at 152 Street at Nicomekl River	\$1,000,000
Construction of a new bridge to improve traffic flow.		
Surrey	Structural Assessment for Oversized and Overweight Vehicles	\$29,375
Assessment of roads and bridges for heavy vehicle safety.		
Surrey	Whalley Blvd Cycle Tracks	\$150,000
New protected bike lanes and safety upgrades to existing painted bike lanes.		
Tsawwassen	Phase 1 Pedestrian Pathway on Tsawwassen Drive	\$132,000
Construction of new pedestrian pathways.		
Vancouver	Adanac Complete Street	\$300,000
Street upgrades to enhance active transportation safety.		
Vancouver	Alma Street and W Broadway Signal Upgrades	\$402,380
Traffic signal upgrade to improve transit movements.		
Vancouver	Bridge Inspection Program for MRN Bridges	\$150,000
Regular inspections of bridges to ensure structural safety.		
Vancouver	Cambie Bridge Ramp Widening	\$3,971,000
Widening bridge ramps to enhance cycling safety.		
Vancouver	Cambie Bridge Seismic Upgrade and Rehabilitation - Ph2E	\$5,000,000
Design work for seismic upgrades of a major bridge.		
Vancouver	Cambie Bridge Seismic Upgrade and Rehabilitation - Ph3	\$5,000,000
Construction for seismic strengthening of a major bridge.		
Vancouver	Davie Street Sidewalk Widening Project	\$411,000
Sidewalk widening, accessibility improvements, and mid-block crossing construction.		
Vancouver	Dunlevy and Prior St - Corner Bulge	\$50,000
Improvements to intersection safety and accessibility.		

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
Vancouver	Dunsmuir-Melville Protected Bike Lane Extension	\$900,000
Protected bike lane construction.		
Vancouver	Expansion Joint Replacement Program for MRN Bridges - Georgia Viaduct - Phase 2	\$360,000
Repair of bridge expansion joints.		
Vancouver	Granville and 14th Plaza	\$200,000
Conversion of a temporary plaza into a permanent public space.		
Vancouver	Granville Bridge - Deck Condition Assessment	\$350,000
Assessment of maintenance and repairs needed to the Granville Bridge deck.		
Vancouver	Granville Bridge - Means Prevention Fencing	\$300,000
Roadway changes to improve pedestrian safety.		
Vancouver	Granville Bridge - Recoating Renewal - Phase 2E	\$1,300,000
Applying new coating essential for bridge maintenance.		
Vancouver	Hastings - Sunrise 2025 Sidewalks	\$250,000
Sidewalk upgrades to improve pedestrian access.		
Vancouver	Joyce Street & Vanness Avenue Signal Upgrades	\$28,000
Traffic signal upgrade to improve transit movements.		
Vancouver	Kent Avenue Greenway Upgrades	\$800,000
Improvements to greenway for safer cycling and walking.		
Vancouver	Kerrisdale 2025 Sidewalks	\$150,000
Sidewalk upgrades to enhance pedestrian safety.		
Vancouver	Killarney 2025 Sidewalks	\$300,000
Construction of sidewalk to improve pedestrian access to transit.		
Vancouver	Main and 14th Bus Bulb - Permanent Upgrade of the Temporary Bulb	\$129,000
Replacement of temporary bus bulb with a permanent concrete bus bulb.		
Vancouver	New Pedestrian and Bike Signals - Non-Urban	\$510,000
Installation of signals for safer pedestrian and bike crossings.		
Vancouver	New Pedestrian/Bike Signals - Urban	\$382,000
Installation of urban signals to enhance pedestrian and cyclist safety.		
Vancouver	Pacific St Upgrades	\$350,000
Cycling infrastructure upgrades.		
Vancouver	Pender and Dunlevy Raised Intersection	\$110,000
Intersection upgrade to improved pedestrian safety.		
Vancouver	Pine St Connector	\$500,000
Creating a safer connection to the Arbutus Greenway.		
Vancouver	Retaining Wall Inspection Program for MRN Walls	\$90,000
Structural assessment of retaining walls for safety.		

2025 Local Government Funding Program

Local Government	2025 Local Government Funding Program: Projects	TransLink Funding Contribution
Vancouver	SE Vancouver 2025 Sidewalks	\$200,000
Construction of sidewalk to improve walking access to transit.		
Vancouver	Señákw City Delivered Triggered Infrastructure (SCDTI)	\$300,000
infrastructure upgrades supporting new local development.		
Vancouver	Vancouver Missing Curb Ramps 2025	\$400,000
Construction of curb ramps to enhance pedestrian safety.		
West Vancouver	Bus Bulbs Various Locations	\$393,000
Provide bus bulbs and bus bay infills at various locations.		
West Vancouver	Bus Stop Removals	\$65,000
Bus stop consolidation along Marine Drive.		
West Vancouver	Intersection of 15th St and Marine Dr	\$40,000
Intersection improvements to enhance transit reliability.		
West Vancouver	Marine Drive, Burkehill Rd - Keith Rd, Sidewalk	\$77,000
Construction of sidewalks.		
West Vancouver	Taylor Way Off-Ramp (Mathers Ave MUP)	\$525,000
Construction of multi-use pathway and bi-directional bike lanes.		
White Rock	Buena Vista Bike Path	\$235,000
Construction of bi-directional bike lanes.		
White Rock	Columbia Ave Sidewalk to Bus Stop 56302	\$56,000
Construction of sidewalks to improve access to bus stops.
