Vol. 48 Vancouver, B.C., Friday, Nov. 1, 1963 No. 44

BUS ROUTES

Our bus transportation system offers 72 different routes between the North Shore mountains and the Fraser River. We cover the Vancouver area, where except in a few corners bus service is within about three standard-length blocks of any residence.

Outside of Vancouver, where in general population is not as concentrated, routes are planned to serve concentrations of population.

To assist everyone to use our system, we will print in the "Buzzer" a description of all the routes. Because there are 72, and some of the descriptions are lengthy, we are starting with the routes in the City of Vancouver and those serving the University Endowment Lands. Routes in other areas will appear in coming issues.

CITY OF VANCOUVER BUS ROUTES - KEEP FOR REFERENCE
