

FREEBUS CARRIES TWO MILLION

It was quite a day recently for Vancouver resident Eileen Peebles who was greeted by Mayor Jack Volrich upon boarding the no-charge downtown Shoppers' Freebus. She was the two millionth passenger on the nearly two-year-old service operated by B.C. Hydro Transit. Mayor Volrich presented Mrs. Peebles with a plaque commemorating the occasion. Shoppers' Freebus operates daily except Sundays & holidays on a 10-minute schedule throughout downtown Vancouver. For full route and schedule details, call transit information at 324-3211.

STANDARD TIME OCT. 28

Don't forget to adjust your clocks the night of Saturday, October 27, as Pacific Standard Time takes effect at 2 a.m. Sunday morning.

Set your clocks and watches one hour back to make the adjustment from the seasonal Daylight Savings Time.

Transit schedules on Sunday, October 28 will operate on Pacific Standard Time beginning with the first morning runs out of the garage.

The Buzzer

DWARFED BY the Granville Street Bridge, B.C. Hydro Transit bus on Granville Island route winds its way through the shop and park filled brick streets on Vancouver's newest waterfront attraction. The public market is a two-minute walk from the bus stop.

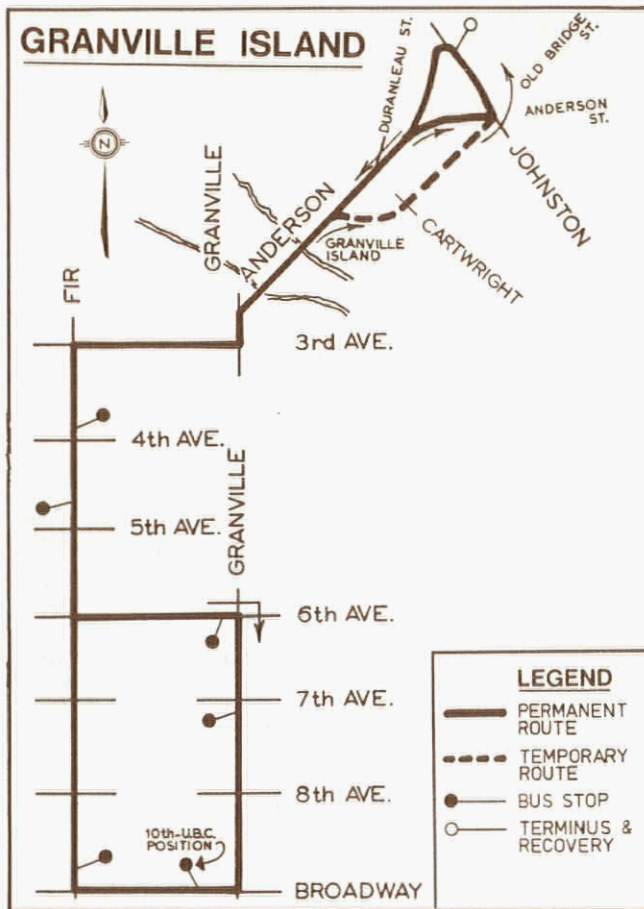

City's heart gone to market

Back in the good old days, the Public Market was the heart of town. At the Granville Island Public Market, easily reached by B.C. Hydro Transit, it is again.

The 51 Granville Island bus route takes passengers to and from Vancouver's newest "attraction" via Fir Street, Sixth Avenue, Granville Street and Broadway, on a frequent daily schedule.

The market itself is open Tuesday through Sunday, 9 a.m. to 6 p.m. where you can buy the freshest in produce, meat, fish, baked goods and more, direct from the producers. And prices are highly competitive!

(continued page 2)

But there's lots more to see on Granville Island: waterfront parks, marinas, theatres, restaurants and small shops combine to create an ideal family outing destination and a photographers paradise.

Come with us, to Granville Island. Full schedule and route details are available at 324-3211.

The greatest work saving device ever known to mankind is "TOMORROW."

Advice to motorists: Drive carefully. If speed were of paramount importance, rabbits would rule the world.

NEW GUIDE, ROUTES ADDED THIS MONTH

A newly-revised transit guide is scheduled to be on sale by the end of the month in stationery departments of all Woodwards, Eatons and Bay stores.

Cost of the new guide is unchanged at 25 cents.

The guide contains up-to-date route information including numerous revisions since May when the last guide was produced.

TWO NEW ROUTES IN SURREY

Also as of the end of the month, two new weekday routes will be added in Surrey: the 338 Clayton and 343 Sullivan Heights.

The 338 Clayton connects Cloverdale and Guildford and there will be two trips daily: a morning trip from Cloverdale to Guildford arriving at 9:51 a.m. and an afternoon trip in the reverse direction leaving Guildford at 2:35 p.m.

The route starts at King George Hwy. and Hwy. 10 and travels via Hwy. 10, Old McLellan Rd., 60th Ave., 184th St., 80th Ave., 188th St., Harvie Rd., 92nd Ave., 182nd St., 96th Ave., 156th St., 104th Ave. to Guildford. The return route is the reverse of the above route.

The 343 Sullivan Heights is a circle route beginning and ending at Newton Exchange with two scheduled trips: one leaving Newton Exchange at 9:35 a.m. and the other leaving there at 2:48 p.m. The route follows 72nd Ave., 144th St., 56th Ave., 148th St., 72nd Ave., and back to Newton Exchange.

Like the Archibald, buses on both the Sullivan Heights and Clayton services may be flagged by passengers at any point en route.

The new routes begin service Oct. 26, the same day as 351 North Bluff becomes more uniform with the night routing changed to the same as the day routing.

Meanwhile the 325 service will extend its weekday half-hourly schedule to 6 p.m. between 88th Ave. and 140th Street and Newton Exchange.

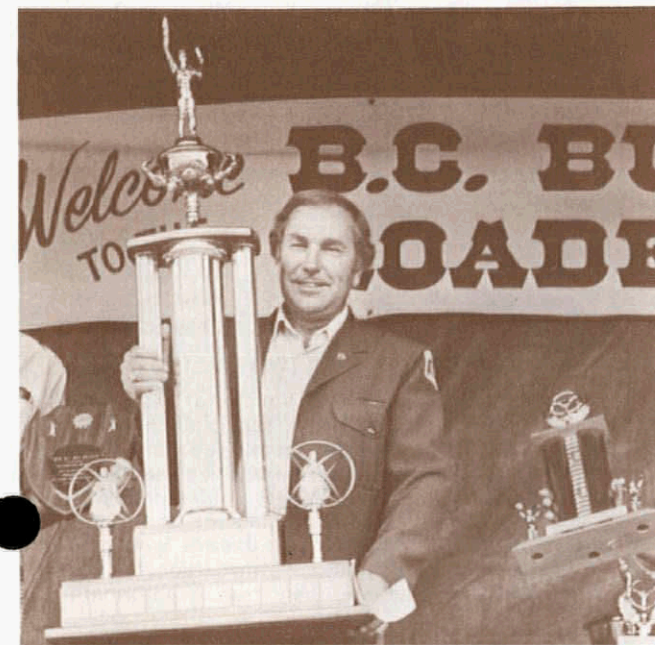

New timetables will be issued for the following routes: Main/Robson, Fourth/Oak, Dunbar/Arbutus/Hastings Express, Davie/Kingsway, Granville/Victoria, False Creek/Seabus Burrard-Granville, Simon Fraser University, New Westminster/South Burnaby, North Burnaby, Coquitlam, North Vancouver, Surrey/North Delta and White Rock. Timetables not mentioned are in effect until January 31, 1980, so please check the expiry date on the front cover. Timetables are available from community centres, municipal halls, public libraries and shopping malls throughout B.C. Hydro Transit's service area.

BIKE RACK AT SEA-BUS

Sea-Bus has a new park-and-ride system for bicyclers.

A bike rack equipped to store 12 bicycles has been installed at Lonsdale Quay, between the fare boxes and terminal building, says B.C. Hydro Transit, operator of the Sea-Bus service.

The rack enables passengers to ride their bikes to the Sea-Bus terminal then cross over into downtown Vancouver on the passenger ferries, Hydro officials said. "We hope this will be a further convenience to North Shore patrons."

GRAND CHAMP AT THE WHEEL

Victoria transit operator Ray Rombough is all smiles and it's no wonder because the 43-year-old driver for B.C. Hydro Transit is the grand champion of the fifth annual British Columbia Bus Roadeo, held in Vancouver Sept. 9. Ray has been with Hydro Transit for six years and his outstanding driving skills placed him first overall and first in the City classification. More than 50 contestants from B.C. Hydro Transit (Vancouver and Victoria), Pacific Coach Lines, Kelowna, Penticton, Nanaimo, Kamloops and the Canadian Forces Base in Chilliwack participated.
