Beach Service connects West End, Burrard, Seabus and Gastown

The 1 BEACH service is mighty handy for getting around downtown business and shopping areas and for connecting with SeaBus. From the terminus on Powell at Columbia, it travels along Powell, Water, Cordova, (picks up SeaBus passengers), Granville, Hastings, Burrard (Burrard business section), Davie (through West End), Denman, Beach, Hornby, Drake, Burrard, Hastings, Granville, Cordova, (SeaBus and Gastown), Columbia to Powell.

If you haven't travelled to or from SeaBus recently, 1 BEACH has replaced 81 SEABUS BURRARD as the connection between SeaBus and the Burrard Street business area.

320 HJORTH

In order to provide more time for better enroute connections, the trip which used to leave Burrard at Melville at 2:25 pm is advanced 5 minutes and now leaves at 2:20 pm. Arrival and departure times at New Westminster and points east are the same.

Art Rentals

Patrons of the Vancouver Art Gallery's Art Rental Programme will now have three opportunities per month to rent original works of art for their homes, offices and apartments. Previously relegated to daytime hours on the first Wednesday of the month, the service, beginning this month will be available as follows: from 1 to 4 pm on the first Sunday of the month; from 10 am to 3 pm on the first Wednesday of the month and from 3 to 8 pm on the second Wednesday of the month.

Four hundred paintings and prints from the studios of artists of local, national and international reputation are currently on the Art Rental roster with some thirty additional pieces added monthly to meet the increasing demand for new works. Rental fees are nominal, ranging from \$4 to a maximum of \$15 per month.

Although the Programme is restricted to members of the Vancouver Art Gallery, interested individuals and corporations are welcome to apply for membership on any Art Rental day.

Rainy Day Courtesy

Cold, rainy weather makes us all a little miserable and means special effort must be made to cope with day-to-day situations.

A problem with rainy weather is the carrying of umbrellas, and on buses, these handy protective devices are a nuisance. That's not to say you shouldn't take your umbrella on the bus, obviously you have to. But be careful what you do with it while it's on board.

The proper thing is to hold the umbrella as close to yourself as possible, or lean it against the wall of the bus if you're sitting at the window seat. Laying it on the floor where it could jut out and trip someone is not safe, or considerate.

When walking on or off, carry the umbrella close to your body with the point always pointing down to the floor. The end of an umbrella can be a dangerous weapon when pointed at the eye level of seated passengers.

Use a little common sense and consideration for others and winter busing should be no problem.
