## White Rock/South Surrey residents invited to discuss proposed transit changes

BC Transit, in consultation with the District of Surrey and the City of White Rock, is proposing major changes to White Rock/South Surrey bus routes in June 1987. These changes would integrate the area's bus routes with SkyTrain, take advantage of the new Alex Fraser Bridge and improve local services.

Specifically, #352 and #353 buses would be rerouted to the 22nd Street Station in New Westminster. The #353 buses would operate throughout the day, providing a regular transit link between White Rock and 22nd Street Station. The #352 buses would continue to provide peak period service. In addition, the #354 and #356 routes would be combined to provide a two-directional loop service.

Service to Vancouver via the Massey Tunnel will be maintained by the #351 and #354 routes.

Area residents are invited to view and comment on the proposed route plans at a series of public open houses in South Surrey and White Rock. Members of BC Transit's planning staff will be on hand to discuss the route proposals, receive comments and suggestions, and answer questions.

(Locations and times — page 2)

## Public Open House Sessions:

### Semiahmoo Shopping Centre

1707-152nd Street, Surrey

Friday, November 7 — 2:00p.m. to 9:00p.m.

*The Hon. Rita Johnston, Minister of Municipal Affairs and Transit, and West Vancouver Mayor Derrick Humphreys officially opened the new centre on Friday, October 31.*

## West Vancouver "Blue Buses" get new home

West Vancouver's "Blue Bus" system, which started in 1915 with a seven-passenger Pierce Arrow touring car that connected with the ferries and now has 33 buses and a staff of 60, has moved into a new \$3.9 million, state-of-the-art operations and maintenance centre at 221 Lloyd Avenue, North Vancouver.

The former centre, on the original 1913 ferry terminal site at 14th Street in West Vancouver, will be preserved as part of the Ambleside-By-The-Sea project.

## Timetable Corrections Surrey & North Delta

The map on page 13 doesn't show all of the #331 route. As mentioned in the route description, the #331 operates via 96th Ave., between 148th St. and 156th St.

The same map indicates that the #323 and #324 routes operate along 104th Ave. between Whalley and Guildford. This is no longer the case.

On page 8, the heading for the #319 service from New Westminster to Scottsdale Mall is incorrect. It should read 319 Scottsdale Mall.

On page 22, 120 Vancouver buses leave from Bay 4, not 10, at New Westminster Station. At Burrard Station, buses leave from Bay 5, not 2.

The times shown on page 6 are incorrect. Please refer to a separate Rider Alert for correct times. A revised Surrey & North Delta timetable will be issued.

### North Vancouver

Information on page 24 incorrectly indicates 15-minute SeaBus service on Sundays and Holidays. See information below.

## SkyTrain and SeaBus Sunday and Holiday service changes

Just a reminder that beginning **Sunday, November 9**, SkyTrain Sunday and Holiday service will end one hour earlier than at present. The last SkyTrains will depart New Westminster and Waterfront Stations at 11:45 p.m. and 12:15 a.m. respectively. Monday through Saturday times will be unchanged.

Beginning Sunday, November 9, SeaBus will again offer half-hour service on Sundays and Holidays. Trips will leave Waterfront Station at 17 and 47 minutes past the hour and Lonsdale Quay at 03 and 33 minutes past the hour. North Vancouver bus schedules will be revised on November 9 to connect with the 30-minute SeaBus service.

### ODDS & ENDS
