

## Public Open House for Upper Capilano/Edgemont residents

BC Transit is proposing to revise transit services in the Upper Capilano/Edgemont area in order to establish a direct Lonsdale Quay to Grouse Mountain service throughout the year. This would provide more transit choices for residents and address the growing tourist market in the Capilano area. The proposal involves changes to three routes:

- 226 Pemberton Heights/Lonsdale Quay/St. Patrick's
- 232 Phibbs Exchange/Grouse Mountain
- 236 Lonsdale Quay/Grouse Mountain

You are invited to discuss and comment on these proposed changes at a Public Open House:

**Monday, March 28 from 3:30 to 8:00 pm**  
Handsworth Secondary School (Room 221)  
1044 Edgewood Road, North Vancouver.

Parking is available at the school, off Handsworth Street on the north side of the building.

## HandyPass, MSS, CNIB and War Amps passes on transit

We're told there appears to some confusion on the use of these passes, particularly in regard to the use of HandyPass in conjunction with another pass.

A passenger with a HandyPass pays a Concession fare and is entitled to take an attendant along free of charge.

A passenger with a MSS, CNIB or War Amps card in addition to a HandyPass, rides free and is entitled to take an attendant along free of charge.

## Wheelchair and scooter bus passengers

If you travel in a wheelchair or on a scooter, BC Transit encourages you to travel by bus, and since we want your trip to be as easy and enjoyable as possible we ask that you board backwards. This makes disembarking so much easier. You don't have to turn; a difficult manoeuvre and a serious inconvenience for other passengers when the front seats are filled.

We know that some scooter users have difficulty boarding backwards and we would like to help. BC Transit offers personalized training in lift use and boarding procedure. To make an appointment, simply call our Training Department at 264-5420 or our Accessible Transit Department at 264-5000.

## SkyTrain riders: Interim Surrey bus routes, March 28 to April 10

You will be able to use the three new SkyTrain stations beginning March 28, but bus service will continue to operate to Scott Road Station until April 10.

Because of continuing construction around Surrey Central Station, the minor re-routings listed in the March 11 Buzzer will not be implemented. Buses will continue to stop on 134A St. & 102 Ave. to pick up and drop-off passengers, but will use the new transit exchange with the introduction of the service changes on April 11.

Buses heading for Surrey Central Station (Whalley Exchange) will follow their regular routes, except for the 321 Scott Road Station and 326/329 Surrey Central Station.
