

## Earlier SkyTrains from Waterfront, Monday to Friday

Effective March 31, eastbound trains will leave Waterfront Station on weekdays beginning at 5:35 am instead of 5:50, arriving at King George Station at 6:14 am. These early trips currently commence at Broadway, but will now be extended to provide service from the five downtown area stations.

Westbound service to downtown Vancouver will not change.

**Also starting March 31**, alternate rush-hour trips will no longer short-turn at Scott Road; all trips will normally travel the full length of the system between Waterfront and King George stations, every 2-3 minutes.

## Earlier SkyTrain service on Sundays

Starting Sunday, April 6, Sunday service will start one hour earlier. The first trains will leave King George at 7:08 am and Waterfront at 7:50 am. These times will also apply to most statutory holidays.

## Good Friday holiday service, March 28

The first trains will leave King George at 7:08 am and Waterfront at 7:50 am.

## White Rock / South Surrey Public Workshop Meeting Thursday, March 27, 7-9 pm

Hosted by BC Transit planners and community relations staff, this workshop meeting will provide you and your neighbours with an opportunity to air your ideas on possible new bus routes to serve the South Surrey/White Rock area. Please come and join in the discussion at the **Lower Town Centre Hall, 15150 Russell Avenue, White Rock**. Light refreshments will be served.

## Take a book to the Grizzlies game Mar 21, 23 or 27 and get an autographed bookmark

Handcover books (suitable for students in kindergarten to Grade 12) donated by fans March 21, 23 or 27 will be accepted by student volunteers, delivered to a local high school, sorted by age and gender and given to students in areas where there are few or no books at home.

# North Burnaby changes to watch for when spring service updates are introduced April 14

## Montecito and Forest Grove customers

The new **#136 route** will provide direct service between Phillips at Coronado and downtown Vancouver during peak periods (see stopping procedure map on page 3). Meanwhile, the **#134** will be re-routed to operate between Lougheed Mall and Brentwood Mall, improving east/west service coverage in the area.

## Capitol Hill customers

The **#137** will be rerouted to operate between Capitol Hill and Brentwood Mall, eliminating the need to transfer. Customers destined for Hastings (west of Willingdon) or Vancouver will be able to transfer at Gamma Avenue to the frequent new **#135** (Mon-Sat daytime) and **#136** (peak period) services to downtown Vancouver. See #135 and #136 stopping procedure maps on page 4.

## New #129 Brentwood Mall/Metrotown Station route

The **#110 Lougheed Mall/Metrotown** service will be rerouted between Burnaby City Hall and Metrotown. Customers in the Patterson/Moscrop area west of Willingdon, including **#28** customers, will be served by the new **#129** route, providing direct service between SkyTrain, Burnaby General Hospital and Brentwood Mall. School services will operate via Patterson Avenue and Moscrop Street or via Willingdon. Service levels on the #110 will be consistent along the entire route (a bus every 20 minutes between Metrotown and Lougheed Mall during the peak periods, for example).

## 130 Metrotown Station/Kootenay Loop

The **#130** service will be rerouted to operate on Willingdon Avenue, rather than in the Nelson/Bond area. The rerouted **#110** service will operate through the Nelson/Bond area. Customers using the #130 service will be provided with a more direct route between Metrotown, BCIT and Brentwood.
