## BACK ISSUES

The Buzzer has been published for over 96 years, and in this section, we mine the back issues for history treats. Huzzah!

**1936** For the holidays, here's an edited excerpt from the Christmas Message in the December 18, 1936 Buzzer!

*The thought of Christmas brings to a great many people's minds two words – peace and good will, but it is not always realized how closely these two things are linked together.*

*There is not nearly enough good will in the world, but what there is makes it possible for people to live together.*

*Good will starts with the individual, and the good will of any nation is the sum of the good will of the individuals who make up the nation. It is in everyone's power to show good will. The fortunate can show it by his kindness, helpfulness and consideration for the happiness of others, whilst a smile from the man who has nothing is a gift of great value.*

*To all our patrons, wherever they may be within the district which the B.C. Electric serves, I wish a very Happy Christmas.*

— W.G. Murrin, President, B.C. Electric Railway

## Most fares will increase on January 1, 2013

There's really no easy way to say this: most of our fares will be going up as of January 1, 2013.

The table below shows the change in each fare type. Generally, almost all fares will rise except for all adult FareSavers and some AddFares. Most increases reflect the cost of inflation over the past five years, at a rate of 2% per year—monthly FareCards are increasing slightly more. Cash, DayPass, and short-term West Coast Express fares haven't increased since 2008.

This is part of a scheduled increase to fares, originally outlined in our 2010 Funding Stabilization plan, aimed at supporting our operations and keeping the system in a state of good repair. That plan was approved by the Mayors' Council in 2009 and the fare changes were reaffirmed by TransLink's Regional Transportation Commissioner in April 2012.

Put more simply, this increase helps sustain our expanded system, which includes services like the Canada Line, and service coming on line like the bus over the Port Mann Bridge, and new B-Line service on King George Boulevard.

## Halloween contest winner

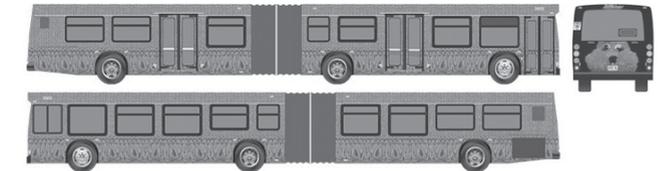

Last month we asked readers to submit Halloween photos of either themselves in costume on transit or a photo of themselves in a transit-related costume. One randomly selected winner would be awarded a FareCard.

We received some fantastic entries via email, posted on our Facebook wall and through Twitter. And the winner is...Jewels and her photo of Matt Gauthier in his Jolly Green Giant outfit on a bus. Thanks to everyone who entered!

Top: Contest winner, Jewels, sent in this picture of Matt Gauthier as the Jolly Green Giant. Middle: A spooky operator! Bottom: Hunter S. Thompson confronts the Caped Crusader.

## New art on Main Street!

This December, some of the #3 Main Street buses may look a lot different. That's because the bus route is part of an installation called *Memento* by Gisele Amantea, a prominent visual artist!

*Memento* comprises a permanent public sculpture and a suite of temporary artworks conceived to reflect the historic and the evolving material culture of Main Street.

*Untitled (Poodle)*, is a 7-foot cast aluminum representation of a porcelain poodle figurine perched on a platform atop a 25-foot steel pole. It's located on the west side of Main Street in Vancouver in the block between 17th and 18th avenues. The suite of temporary artworks, on display until the Spring of 2013, are installed on and in three articulated trolleys that service the #3 bus route (see above images and imagine them in pink).
