### BACK ISSUES

The Buzzer has been published for over 97 years, and in this section, we mine the back issues for history treats. Enjoy!

**1947** The December 5, 1947 edition of the Buzzer has some great advice for your Christmas shopping!

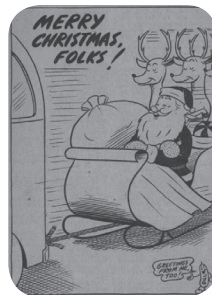

*"Now that Christmas is only three weeks away or about fifteen shopping days, we suggest shopping in the immediate future. Make a list of what you hope to get and whittle away at it each time you are downtown."*

*We all know how busy the transit system is during rush hour, so here's a small tip:*

*You will find it more convenient to do your shopping in the off-peak hours, going home before the evening rush hours begin. The cars and buses will be less crowded then."*

66 years later, and this advice is still very helpful to holiday shoppers today.

Happy holidays, everyone!

This list is as accurate as of our publish date: please check [translink.ca/servicechanges](http://translink.ca/servicechanges) or call Transit Information at 604-953-3333 for corrections or further assistance. All changes are **PERMANENT** or **TEMPORARY**.

## Tapping in to Compass

By the end of January 2014, 80,000 customers will be tapping in and tapping out with their Compass Cards, including BC Bus Pass holders, CNIB users, and TransLink operating company employees. The roll out of Compass will keep tapping along in the coming months, with more customers making the switch group by group.

West Coast Express (WCE) customers will now be getting their cards in late spring. That's because we want to make some modifications to the online customer service channel that'll make it easier for WCE customers to pay for their monthly passes and check their account. Until then, we'll continue to sell WCE 28-day and 7-day passes. We'll also keep selling FareSaver tickets into Spring/Summer 2014.

As the rollout continues, we'll keep checking on the schedule and making tweaks as needed. And along the way, we'll keep you in the loop so you know when and how to get and use your Compass Card.

Got questions? Ask away at [AskCompass.ca](http://AskCompass.ca).

## Transit holiday service

For Christmas Day (Dec 25), service will be on a reduced holiday schedule to reflect lower demand. However, Boxing Day (Dec 26) will have an enhanced holiday schedule, especially on routes to shopping destinations, to reflect higher demand!

As always, rides will be free on New Year's Eve (Dec 31) from 5 p.m. until the end of service. And New Year's Day (Jan 1) will be a normal Sunday/holiday schedule.
