

BACK ISSUES

The Buzzer has been published for over 100 years! In this section, we mine our archives for some fun historical finds!

1958 The August 15, 1958 issue of The Buzzer announced that it's time for the PNE Fair again!

This year, the popular giant fair of the Pacific Coast will be bigger than ever, and will last two days longer—from Aug. 18 to Sept. 11—with all kinds of new attractions to be investigated by you and your family. To help cut down travelling time and maybe ease that parking problem, B.C. Electric will operate increased transit services on all lines leading to Exhibition Park during the two-week period. Theme this Centennial year forecasts our future—the age of space travel. Highlight and greatest single attraction ever undertaken by the PNE will be the fabulous Space Science Show. Already a gigantic rocket, equal in height to a seven-storey building, dominates the skyline over the PNE grounds.

Over 60 years later, TransLink continues to provide extra service to the PNE Fair, and the many events this amazing region has to offer. Whether it's sports games, concerts or a night out — no matter the event — we're here to get you where you need to be and back home again.

Ready to leave your car at home? TransLink is here to help!

We're adding even more Bike Parkades to our transit network, so you can #BikeToTransit. It's budget friendly and a healthy option!

Five new parkades are under construction at Maple Meadows, Port Coquitlam, Lafarge Lake–Douglas, Burquitlam and Bridgeport stations. They'll be opening soon, so if you haven't already, **register now** for the Bike Parkade program! Learn more at translink.ca/bikeparkade.
