

Island Platform Bus Stops

Bus stops separated from the sidewalk by a bike lane, meaning pedestrians must cross a bike lane to get to the stop.

To make the experience comfortable for everyone, please:

On foot or mobility device:

- ▶ Be clear with your intention to cross and signal to people cycling when possible.
- ▶ Look both ways before crossing the bike lane.
- ▶ Only cross at the designated crossing location.

On your bike or scooter:

- ▶ Yield to pedestrians crossing the bike lane.
- ▶ Pay extra attention to people using mobility aids, or those with white canes or guide dogs.
- ▶ Be extra cautious if a bus is stopped.
- ▶ If you notice someone who seems hesitant to cross the bike lane, please stop and verbally let them know it's safe to do so.
